

PUNTEO®-J80

PUNTEO®-J80

Modern recessed luminaire with LED technology

PUNTEO®-J80 is a modern LED recessed luminaire.

It can, for instance, optimally be integrated into our metal ceiling system LOOP® and is also ideally suited for integration into ceiling systems.

Technical details

Article number: PUN J080-013N3-01, warm white [PUN J080-013N4-01, neutral white]
Supplied voltage: 16W with transformer
Lighting: 900lm | 3000K | RA85
LED: Array, elements replaceable
Fitted: 13W
Efficiency: 83%
Light technology: 2x20 degrees
Material: Chromed installation frame | Reflector anodised aluminium
Installation height: Min. 100mm
Ceiling opening: Ø74mm
Power supply located in the ceiling void

Benefits

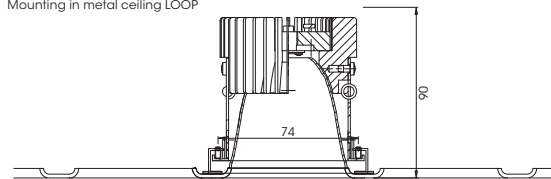

- Heat is not radiated into the room, but into the ceiling void
- Dimmable with high efficiency
- Spotlighting
