

The image features a solid green background with a network of white lines. These lines intersect to form several irregular, angular shapes, creating a geometric pattern. The lines are of uniform thickness and vary in orientation, with some being nearly horizontal and others being more vertical or diagonal.

durlum

durlum entwickelt und fertigt innovative Metalldecken, Licht- und Tageslichtsysteme für architektonische Anwendungen weltweit. Gemeinsam mit unseren Projektpartnern schaffen wir Lösungen, die Funktion und Design optimal vereinen. Lösungen, in denen man sich wohlfühlt.

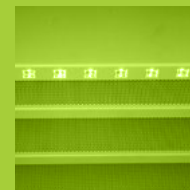

durlum develops and manufactures innovative metal ceilings, lighting and daylight systems for architectural applications worldwide. We work with our project partners on solutions that create a perfect constitution between function and design. Solutions to make you feel at home.

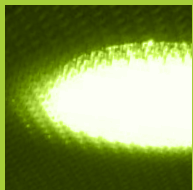

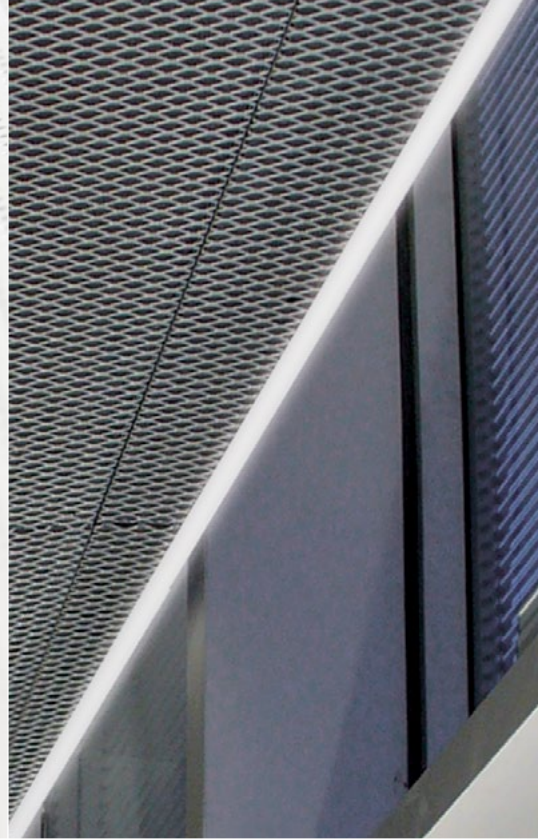

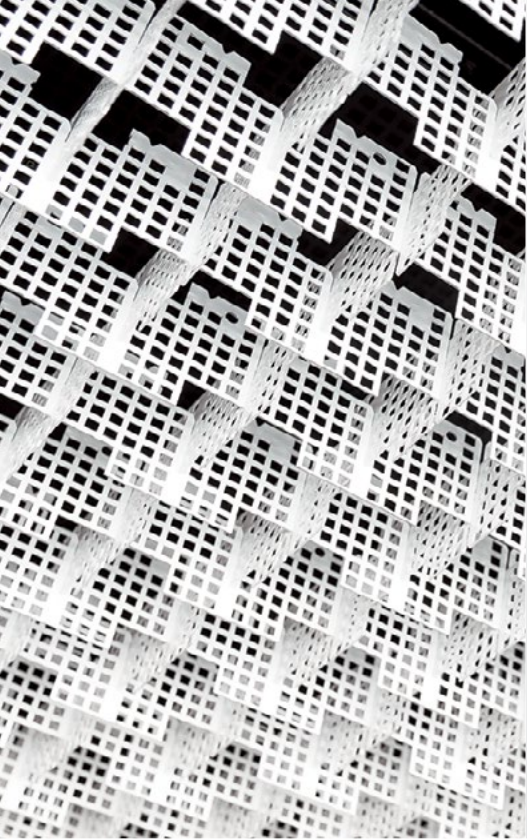

FLUID®-C + LUMEO®-R

Kreisförmige Designdecke mit integrierter LED-Flächenleuchte
Circular design ceiling with integrated LED illuminated surface

POLYLAM® + PUNTEO®-S

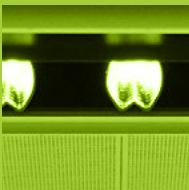

Lineares Vertikallamellen-system mit integrierten LED-Lichtpunkten
Vertical baffle system with integrated LED spotlights

TICELL®-N + LUMEO®

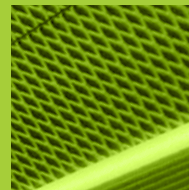

Hinterleuchtete Metallraster-
decke für reflektierenden
Lichtfluss

*Backlit metal tile ceiling with
reflected flow of light*

OMEGA MIT SHELLY

Lichtkanalsystem mit
spezieller Reflektortechnik
*Lighting channel system with
special reflector technology*

RHOMBOS + S-OMEGA

Streckmetalldecke integriert
in LED-Lichtkanalsystem
*Expanded metal ceiling
integrated into LED lighting
channel system*

ACOUSTICS

Absorptionssysteme für Wand & Decke, optional mit Bedruckung
Absorption systems for ceiling and wall, optionally with printed surface design

PRINTING

Individuell bedruckte Decken- und Lichtlösungen
Individually printed ceiling and lighting solutions

CONTROL SYSTEMS

Intelligente Gebäudesteuerungssysteme für jede Situation
Intelligent building control systems for any situation

LIGHT PIPE

Lichtrohr für Beleuchtung mit Tageslicht
Light pipe for daylight illumination

CEILING
LIGHTING
AMBIENCE
